Admission to the Legislative Council

1) I think the present rule may be advantageously simplified. As many tickets may be printed as there are seats available to accommodate visitors. The Secretary may be given power to issue them to all suitable applicant according to order of application - doubtful cases being referred to the president for orders.

N. B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

1) According to the present rule re admission of strangers during sittings of the council, the Secretary has to take orders of the President in each case. The 1st crs suggestion is to delegate the power of granting permission to the Secretary who will issue tickets to suitable applicants as far as accommodation permits in the order of applications, doubtful cases alone being referred to the President for orders. To give effect to this suggestion it would be enough if the words "who will take orders of the President thereon may be omitted in rule 58

3) The other provision viz that application should be made through a member, which was only recently introduced, also seems to require amendment.

4) In this connection, it may be stated that the real differe

is want of accommodation. The meetings are now being held in the Council Chamber which has limited accommodation. With the increase in the no of members recently sanctioned, I am afraid, it will be difficult to accommodate any ~~Strangers~~, except the members + the representatives of the Press. This will act as a check against the admission of Strangers in larger numbers, unless more spacious accommodation is thought of, for the meetings
